Nexo's lighting design department is keen on offering solutions, enhancing environmental features, creating impressive spaces, and meeting the needs of customers in proportion to space elements and architecture. Nexo Highlight Design Team identifies projects demands and lighting regulations and adopts ideal methods commensurate with lighting design for a particular space; afterwards, it performs lighting calculations in specialized software packages, determines proper lighting sources and equipment, and, if necessary, customizes specific lights for specific projects in association with R&D and Technical teams.

Dubai, United Arab Emirates.
